# Sharon Chien

Full Stack Developer  
Toronto, Ontario, Canada

## Experience

Whelan Consulting Group  
Account Manager  
January 2018 - May 2018 (5 months)  
Toronto, Canada Area

I help Insurance professionals and business owners get their message in front of targeted prospects, quickly, efficiently, and consistently to grow their client base and build a massive referral network.

Investors Group  
Consultant  
June 2012 - December 2017 (5 years 7 months)  
Suite 2800 - 145 King St. West Toronto Ontario

My approach to financial planning is straightforward, thorough and very personal. It is my goal to help keep your promises to yourself and your love ones.

I do this by focusing on my clients' long-term financial well being. The comprehensive plan that I develop has been invaluable to my clients as it helps them 1) put their fear and desires into words on paper 2) track their progress and most importantly 3) help them react to changes in life.

GlaxoSmithKline  
1 year 2 months

R&D Alliances Associate  
May 2009 - February 2010 (10 months)

Assisted Medical Affairs departments (respiratory and vaccines) on analyzing competitor clinical trials information, launching give back program to the Canadian research community, and internal communication. Also prepared major briefings on R&D Canada and the Medical Affairs department to communicate groups' value to local and global partners.

Business Operations Associate  
January 2009 - May 2009 (5 months)

Developed metrics for measuring performance for the Medical Division, allowing divisional leadership team to monitor performance resulting in better management. Designed and conducted 1 hour training sessions based on Lean Six Sigma, improving the department's understanding of process improvement tools.

---
